

Macquarie Graduate School of Management

For nearly 50 years, MGSM has helped equip thousands of graduates with the critical skills and experience needed to lead and succeed in our globally connected economy.

Ranked Australia's leading MBA school (*Financial Times*, 2016) and positioned in the world's top 30 business schools (*The Economist*, 2015), MGSM is committed to developing future leaders.

MGSM is also part of an elite group of institutions that have achieved accreditation from AACSB International. Only five per cent of business schools worldwide have earned this distinguished hallmark of excellence, a testament to MGSM's high-quality teaching and research environment.

At MGSM you'll be studying alongside a select community of talented and engaged students, so you learn how to operate at the frontier of global business. More than 85 per cent of our full-time students are employed within three months of graduation, achieving great things as senior leaders, company directors, consultants, entrepreneurs and business owners.

With a history of excellence coupled with a modern, flexible approach to learning, MGSM offers you a truly world-class education.

RESEARCH EXCELLENCE THROUGH CORPORATE ENGAGEMENT

Australian business relies on world-leading, practical, collaborative and interdisciplinary innovation, and MGSM's approach to research ensures that theoretical advancements inform and relate to practical knowledge and techniques. For this reason, MGSM's research has an immediate and useful impact in developing tools, skills and knowledge for its research partners.

Our world-class research-active faculty members have been awarded grants from CRC and ARC to fund further research, and have published their research in renowned journals including *Nature*, *Journal of Finance*, *Journal of Financial Economics*, *Journal of Business Ethics* and *Harvard Business Review*.

Our researchers play a significant role in the Australian Government's \$100 million Capital Markets CRC, which brings together the best in innovative research and technology with the objective of making a profound difference to the health insurance and capital market domains.

MGSM undertakes research projects with a network of partners that include some of the world's most influential businesses. Corporate relationships are a cornerstone of MGSM, and our partners include leading global organisations such as Australian Securities Exchange, Pfizer, Siemens Healthcare, Datacom, CoreLogic, Australian Lions Childhood Cancer Research Foundation, Johnson & Johnson, Chris O'Brien Lifehouse, Australian Business Foundation, Be Learning, and NSW Trade and Investment.

MGSM also enjoys research linkages with other leading global academic institutions including Comillas Pontifical University (Spain), University of Edinburgh Business School (Scotland), HHL Leipzig Graduate School of Management (Germany), Humboldt-Universität zu Berlin (Germany), University of Potsdam (Germany), and Solvay Brussels School of Economics and Management (Brussels).

As a higher degree research candidate at MGSM, you'll have the opportunity to be involved in forward-thinking research with a high impact on industry best practice alongside scholars who are leading business professionals nationally and internationally. You'll join a global cohort of candidates, many of whom are drawing on significant corporate experience to inform their research.

You'll benefit from the expertise of prominent Macquarie alumni and distinguished executives from leading multinationals such as Citibank, Australasia Consulting Group, Centric Management and Governance Solutions, Cochlear, EmpowerIS, Farrington American Express Travel Services, IBM Global Financing, Influence Consulting, Patersons Securities, PepsiCo, Talent2, The Six Hats and The Trust Company, which sit on our Alumni Advisory Council.
